

**SECOND INTERNATIONAL SYMPOSIUM ON
MOLECULAR TECHNOLOGY**

Biotechnology in Progress

A satellite of the International Cell Death Society

Cell cycle and cell death:

Cellular and molecular perspectives,

Basic and clinical aspects

June 26-28,2007; 5-7 Tir, 1386

SBUMS, Tehran, Iran

List of Speakers:

Raymond Birge

Katharina D'Herde

Simone Fulda

Marie-Lise Gougeon

Roya Khosravi-Far

Roberto Li Voti

Richard A. Lockshin

Nader Maghsoudi

Gerry Melino

Sponsors:

Neuroscience Research

Center, SBUMS, Iran

Scientists Without Borders

International Cell Death Society

Topics:

Targeting of apoptosis for

Cancer therapy

Cell death in reproductive

Mauro Piacentini	medicine and therapeutics
Hans-Uwe Simon	Oncogene-Induced Evasion
Andreas Strasser	of Programmed Cell Death
Mahvash Tavassoli	Apoptosis: clinical implication
Peter Vandenabeele	in autoimmune disease
Zahra Zakeri	

Organizers:

Drs: Zahra Zakeri (USA); Richard Lockshin (USA)

Fereshte Motamedi (Iran), and Nader Maghsoudi (Iran)
